

Wall Mount Splice Cabinet | 6755

The Wall Mount Splice cabinets are designed for ease of use and security in any application requiring splicing or cables indoors. Perfect for transition splices (OSP/ISP) and branch splices. The 6755 designs accommodate up to 72 or up to 288 splices with room for a significant service loop. The 288R (Not Show) is specifically designed for ribbon fibers and mass fusion splicing, and will accommodate up to 24 12-fiber ribbon splices and up to 45 feet of jacketed cable in storage.
